In re Application of	:

Application No. 10/601,482	:	DECISION ON PETITION
Filed: June 23, 2003	:	
Attorney Docket No. 0112300-01349	:	

This is a decision on the petition under the unintentional provisions of 37 CFR 1.137(b), filed April 14, 2008, to revive the above-identified application.

The petition is **GRANTED**.

This application became abandoned for failure to timely pay the issue and publication fees on or before March 10, 2008, as required by the Notice of Allowance and Fee(s) Due, mailed December 10, 2007, which set a statutory period for reply of three (3) months. Accordingly, the date of abandonment of this application is March 11, 2008.

The petition satisfies the requirements of 37 CFR 1.137(b) in that petitioner has supplied (1) the reply in the form of payment of the issue fee of \$1,440.00 and the publication fee of \$300.00, (2) the petition fee of \$1,540.00; and (3) a proper statement of unintentional delay. Accordingly, the failure to timely pay the issue and publication fees as required by the Notice of Allowance is accepted as being unintentionally delayed.

Telephone inquiries concerning this decision should be directed to Michelle R. Eason at (571) 272-4231.

This application is being referred to Office of Data Management.

**WARNING:**

Petitioner/applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-2038 submitted for payment purposes) is never required by the USPTO to support a petition or an application. If this type of personal information is included in documents submitted to the USPTO, petitioners/applicants should consider redacting such personal information from the documents before submitting them to the USPTO. Petitioner/applicant is advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.213(a) is made in the application) or issuance of a patent. Furthermore, the record from an abandoned application may also be available to the public if the application is referenced in a published application or an issued patent (see 37 CFR 1.14). Checks and credit card authorization forms PTO-2038 submitted for payment purposes are not retained in the application file and therefore are not publicly available.
